REMARKS

The above amendment and these remarks are responsive to the Office action of 17 Jun 2005 by Examiner David Yiuk Jung.

Claims 1-11, 15-26, and 30-40 are in the case, none as yet allowed.

35 U.S.C. 101

Claims 1-11, and 15-27 have been rejected under 35 U.S.C. 101 as directed to non-statutory subject matter.

The Examiner is correct. In removing "computer hacker" from the claims, they were left even more lacking in proper structure.

Applicant has amended the claims to appropriately direct them to statutory subject matter, and added several

new claims 31-40 drawn to computer program products
generally corresponding to several (that is, claims 2-11) of
the computer implemented method claims.

SUMMARY AND CONCLUSION

Applicants urge that the above amendments be entered
and the case passed to issue with claims 1-11, 15-26, and
30-40.

The Application is believed to be in condition for
allowance and such action by the Examiner is urged. Should
differences remain, however, which do not place one/more of
the remaining claims in condition for allowance, the
Examiner is requested to phone the undersigned at the number
provided below for the purpose of providing constructive
assistance and suggestions in accordance with M.P.E.P.
Sections 707.02(j) and 707.03 in order that allowable claims
can be presented, thereby placing the Application in
condition for allowance without further proceedings being
